  PUBLIC COMMENT

- **Please provide your comment for public comment.**
  Ban the desecration of the American flag by police. I am sick and tired of seeing police wear facemasks that desecrate the American flag with a thin blue line. That thin blue line on the American flag, as far as I’m concerned, is a terrorist organization. There is a flag code listed in the United States legislation, I expect to city of West Hollywood to uphold the flag code. Paid public servants should not be wearing desecrated American flags on their face. This is something that’s going on across America and the city of West Hollywood, progressive as we are, should be ahead of this. I would like a clear policy understood that police, sheriffs and anybody else who works in the city of West Hollywood, should not be able to wear a desecrated, terrorist symbol, across their face.
