  The posting of current Covid-19 related health orders and protocols in common areas of apartments, condos and hotels as well as short-term rentals is essential. This would remove any legitimate ignorance of the law by those visiting from elsewhere as well as similar claims by locals. None of the "guests" checking in and out of the short-term rental building on my block wear masks or practice social distancing. This would, hopefully, encourage them to comply with local health orders, as well as reduce the number of parties by locals. Thank you for this.
